

NovaTech Solutions

Leave Policy

Document Version	1.2	Effective Date
Policy Owner	Human Resources	January 1, 2026

1. Purpose

This policy defines the leave benefits available to eligible NovaTech Solutions employees and explains the rules for requesting, approving, using, and carrying forward leave.

2. Eligibility

All permanent full-time employees are eligible for paid leave benefits under this policy. Employees serving a probationary period may accrue leave but may be subject to additional approval requirements when requesting extended leave.

3. Annual Leave

Eligible employees receive 20 working days of paid annual leave per calendar year. Annual leave should normally be planned in advance to minimize disruption to business operations. Employees are encouraged to use their annual leave during the year in which it is earned.

4. Carry Forward of Annual Leave

Employees may carry forward a maximum of 10 unused annual leave days into the following calendar year. Any annual leave balance above 10 days will expire at the end of the calendar year unless an exception has been approved by Human Resources. Carried-forward leave should normally be used by June 30 of the following year.

5. Sick Leave

Eligible employees receive 12 working days of paid sick leave per calendar year. Employees should notify their manager as soon as reasonably possible when they are unable to work due to illness. A medical certificate may be required when sick leave exceeds three consecutive working days. Unused sick leave cannot be carried forward to the next calendar year.

6. Casual Leave

Employees receive 6 working days of casual leave per calendar year. Casual leave may be used for short-duration personal matters that cannot reasonably be planned in advance. Unused casual leave expires at the end of the calendar year and cannot be carried forward.

7. Leave Request and Approval

Employees should submit leave requests through the company-approved leave management system. Requests for three or more consecutive working days of annual leave should normally be submitted at least seven calendar days in advance. Leave approval is subject to business requirements and manager approval. Submitting a leave request does not mean the leave is approved until confirmation has been received.

8. Emergency Leave

In an emergency, employees should contact their manager as soon as reasonably possible. Advance notice requirements may be waived where circumstances make advance notification impractical.

9. Maternity and Parental Leave

Eligible employees may receive maternity, paternity, or parental leave in accordance with applicable law and NovaTech Solutions benefit policies. Employees should contact Human Resources for eligibility requirements and applicable leave duration.

10. Public Holidays

Company-designated public holidays are separate from annual leave entitlement. Employees are not required to deduct company-designated public holidays from their annual leave balance.

11. Leave During Notice Period

Leave requests submitted during an employee's notice period require manager and Human Resources approval. Approval will depend on business requirements, transition responsibilities, and outstanding work.

12. Exceptions

Any exception to this policy must be approved by Human Resources. Managers cannot independently approve exceptions to annual leave carry-forward limits.

13. Policy Questions

Employees should contact the Human Resources team if they need clarification regarding this policy or their individual leave balance.
